

MARGARET DONNELLAN TODD
COUNTY LIBRARIAN

January 11, 2005

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**FISCAL YEAR-END REPORT COUNTY LIBRARY
FACILITIES MITIGATION FEE (ALL
SUPERVISORIAL DISTRICTS) (3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

Receive and file the attached year-end report for the Library Facilities Mitigation Fee Funds for Fiscal Year 2003-04.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Government Code Section 66006 requires that, within 180 days after the last day of each fiscal year, the County make available to the public specific information for each separate account or fund established for developer fee revenues which are to be used for needed library facilities.

On October 27, 1998, the Board adopted an ordinance establishing a library facilities mitigation fee (developer fee) as Chapter 22.72 of the County Code. The new developer fee program took effect on December 26, 1998, and was implemented in all unincorporated communities served by the County of Los Angeles Public Library. A separate fund was established for each of the Public Library's seven developer fee planning areas. Pursuant to Government Code Section 66006 regarding public availability of account or fund information for local agency improvement fees, the Public Library has prepared the attached year-end fiscal report for the developer fee program.

Implementation of Strategic Plan Goals

Approval of this recommendation by the Board is consistent with the County's Strategic Plan goals in the area of fiscal responsibility and organizational effectiveness.

FISCAL IMPACT/FINANCING

The developer fee program is not a Net County Cost program. The costs of general administration of the program are prorated and charged to each fund account in accordance with the report adopted by the Board on October 27, 1998 when the fee program was established.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Pursuant to Government Code Section 66006, the County is required to make available to the public information for each separate account or fund regarding the type of fee; the amount of the fee; the beginning and ending balance; the amount of fees collected and interest earned; public improvements on which fees were expended and the amount of the expenditures; the approximate date by which construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement; a description of each interfund transfer or loan made from the account or fund; and the amount of any refunds made.

The required information is provided in the attached report. As reflected in the report, no expenditures were charged to the developer fee funds in Fiscal Year 2003-04. This was an oversight during year-end book closing. The Department intends to charge approximately \$358,000 of costs attributable to 2003-04 to the funds during the current fiscal year. The costs that will be charged to each fund include costs incurred for program management and other costs for library facilities projects.

IMPACT ON CURRENT SERVICES

The Public Library strives to provide its customers with strong service and adequate facilities. The library facilities mitigation fee program provides revenue to assist the Public Library in meeting the needs of a growing population in the unincorporated areas of the County by planning and constructing new library facilities and enhancing existing library facilities.

Respectfully submitted,

Margaret Donnellan Todd
County Librarian
